Skin Care Products

		
We carry ZO® Skin Health products for daily and preventative skincare, and physician grade ZO® Medical products for a range of skin disorders and chronic conditions. ZO® makes it easy for you to identify a program that matches your particular skin condition, whether you seek to combat the signs of aging, or simply restore and maintain youthful, healthy-looking skin.		
Alastin™ Skincare incorporates TriHex Technology to purge old fragmented Collagen and elastin to support the skin’s regenerating process. We especially love the Regenerating Skin Nectar before, during, and after cosmetic procedures. We apply it immediately post-procedure for faster recovery and healthier looking skin. There is nothing else like it on the market. High antioxidant activity calms the skin and reduces redness.		
		

Colorescience® creates a clear, even complexion while protecting the skin from the damaging effects of the sun and environment. The use of proven ingredients such as peptides, liquid crystals, hyaluronic and salicylic acid, enhances the mineral free products with instant and long lasting results. Colorescience make-up classes are regularly held to make sure you get the most from the products.

Latisse® grows lashes longer, fuller and dark. Requires a prescription from the office. **Ortho Molecular Products® Collagen** nutritionally supports your skin and joints from the inside. Not all collagen are created equally. It’s a staff favorite!

Skinbetter Science® applies InterFuse™ patented technology, a revolutionary no-needle delivery system, to transport skin improving ingredients faster and deeper to where they are most needed. Try the Alto Defense Serum or the Interfuse Eye Cream, a Best Beauty Buy by InStyle Magazine.

Cosmetic Vein Treatments

Sclerotherapy		
A sclerosing solution is injected into each spider vein, causing it to immediately shrink and then dissolve over a period of weeks as the body naturally absorbs the treated vein. Painless with no downtime, and suitable for legs, feet, and hands. Includes one free touch up. An add-on ultrasound option is available for underlying vein issues.		\$1500 for legs, \$1000 for feet, \$1000 for hands

Veinwave™		
Veinwave™ uses thermocoagulation to immediately eliminate fine thread veins on the face and legs. This is a relatively painless walk-in procedure with no risk of bruising, scarring or pigmentation, only the risk of minor reddening for a few days.		\$150 for 15 min, \$50 for each addtl. 15 min.

VISIA® Complexion Analysis

Your Renaissance MediSpa experience begins with a **VISIA® Complexion Analysis**, an advanced technology that can provide a comprehensive assessment of your skin. It uses ultraviolet photography to quantify skin condition by measuring damage in five categories: age spots, porosity, wrinkles, UV damage and evenness of tone.

VISIA allows us to design anti-aging therapies based on skin feature analysis, and track rejuvenation and resurfacing outcomes.

A Visia Analysis costs \$50, which can be applied towards a same day Medispa purchase.

Many Medispa purchases are eligible for 5% back in loyalty points redeemable at your next visit. No cost to join our Loyalty Program.
