BioRePeel

BioRePeelCl3® is a chemical peel treatment that utilizes a patented two-phase technology to stimulate skin regeneration and revitalize the skin without the typical downtime associated with traditional peels. It combines gentle chemical exfoliation with bio-stimulating ingredients to address various skin concerns, including aging, pigmentation, acne, and scarring. The treatment is designed to be effective for all skin types and is suitable for use on the face, neck, décolleté, and body. Best results occur with a package of 4 treatments.

\$250 or 4 for \$900

ZO 3 Step Peel

The ZO 3-Step Peel is a medical grade chemical peel that improves skin tone, texture, and clarity while reducing wrinkles, fine lines, acne, melasma, sun damage, and dullness. It exfoliates the outermost layers to refine color and smoothness, followed by a Retinol Crème Complex to stimulate deeper skin renewal. Antioxidants support cellular repair, while a soothing post-peel cream calms irritation from environmental stressors and post-procedure sensitivity. Clinically proven to be safe and effective, this treatment delivers firmer, brighter, and more youthful-looking skin. Peeling generally begins 2-3 days post treatment and ends by day 5.

Skin Care Products

We carry ZO® Skin Health products for daily and preventative skincare, and physician grade ZO® Medical products for a range of skin disorders and chronic conditions. ZO® makes it easy for you to combat the signs of aging, or simply restore and maintain youthful, healthy-looking skin.

Alastin™ Skincare incorporates TriHex Technology to purge old fragmented collagen and elastin to support the skin's regenerating process. We especially love the Regenerating Skin Nectar before, during, and after cosmetic procedures. We apply it immediately post-procedure for faster recovery and healthier looking skin. High antioxidant activity calms the skin and reduces redness.

Colorescience® creates a clear, even complexion while protecting the skin from the damaging effects of the sun and environment. The use of proven ingredients such as peptides, liquid crystals, hyaluronic and salicylic acid, enhances the mineral free products with instant and long lasting results.

Latisse® grows lashes longer, fuller and dark. Requires a prescription from the office.
Ortho Molecular Products® Collagen nutritionally supports your skin and joints from the inside. Not all collagen are created equally. It's a staff favorite!

(plated)™ Skin Science® is the first and only skincare product to harness the power of platelet extract. Renewosome™ technology provides a natural defense against signs of aging. We recommend this product with Sylfirm microneedling to Enhance the results.

Revision Skincare® Nectifirm® is master formulated and clinically proven to target the visible signs of early to moderate aging on the neck and décolletage. The skin on your neck and décolletage ages differently than the skin on your face and requires its own solution.

Skinbetter Science® applies InterFuse™ patented technology, a revolutionary no-needle delivery system, to transport skin improving ingredients faster and deeper to where they are most needed. Try the Alto Defense Serum, a Best Beauty Buy by InStyle Magazine, or Mystro™ Active Balance serum, the newest serum.

Cosmetic Vein Treatments

Veinwave®

Veinwave™ uses thermocoagulation to immediately eliminate fine thread veins on the face and legs. This is a relatively painless walk-in procedure with no risk of bruising, scarring or pigmentation, only the risk of minor reddening for a few days.

\$250 per 30 min.

VISIA® Complexion Analysis

Your Renaissance MediSpa experience begins with a **VISIA® Complexion Analysis**, an advanced technology that can provide a comprehensive assessment of your skin. It uses ultraviolet photography to quantify skin condition by measuring damage in five categories: age spots, porosity, wrinkles, UV damage and evenness of tone.

VISIA allows us to design anti-aging therapies based on skin feature analysis, and track rejuvenation and resurfacing outcomes.

A Visia Analysis costs \$50, which can be applied towards a same day Medispa purchase.

Many Medispa purchases are eligible for 5% back in loyalty points redeemable at your next visit. No cost to join our Loyalty Program.
