Consent to Communicate including Transmission of Protected Health Information by Non Secure Means (Email & Text Message)

In order to secure your Protected Health Information (PHI), it is always best to personally go to the office and talk to a representative of Fox Valley Plastic Surgery (FVPS). If this is not possible, the next best methods are to communicate by phone, fax, or U.S. mail. All these methods are secure means of transmitting PHI.

In spite of these secure options, it sometimes may become useful for during the course of treatment for the patient to communicate by email, text message (e.g. "SMS") or other electronic methods of communication. Be informed that these methods, in their typical form, are not confidential means of communication. If you use these methods to communicate with FVPS, there is a reasonable chance that a third party may be able to intercept those messages. The kinds of parties that may intercept these messages include, but are not limited to:

- People in your home or other environments who can access your phone, computer, or other devices that you use to read and write messages
- Your employer, if you use your work email to communicate
- Third parties on the Internet such as server administrators and others who monitor Internet traffic

FVPS has found that some patients prefer to message or email the office with photos or questions. These are not secure avenues of communication. If you wish the office to respond in kind to your inquiries, you must expressly give FVPS permission to communicate with you with these insecure methods instead of phoning, faxing, or writing you. Please mark the ways that you consent to us communicating with you.

Financial Policy

Appointment scheduling requires careful planning and coordination between our office, surgery centers and contracted staff. Special medical instrumentation and supplies may be ordered and are sterilized for each individual procedure. Please consider the importance of this policy before scheduling a procedure.

SURGERY SCHEDULING

A \$1,000 down payment is required to secure a scheduled surgery time. **Full payment is due 21 days prior to a scheduled surgery date.** This includes complete payment of deductibles, co-insurance and copays for insurance cases. Immediately upon scheduling, patients have a **24-hour grace period** to make changes including cancelling the surgery without incurring a rescheduling/cancellation charge.

SURGERY RESCHEDULING / CANCELLATION FEES

Patients who wish to change the surgery date or cancel surgeries, will incur a fee. Patients, who **fail a cotinine test**, are considered patient cancellations. Adequate notice of cotinine testing is always given, so there is no reason for a failed test. A rescheduling/cancellation fee will be assessed on failed cotinine tests. Fees are first withheld from any down payments already paid before invoicing the patient. The fee schedule is as follows:

Days Prior to Surgery	Rescheduling Fee	Cancellation Fee
Over 21 days	\$200.00	\$300.00
15-21 days	\$400.00	\$500.00
8-14 days	\$600.00	\$700.00
1-7 days	\$800.00	\$900.00
24 hours or less	\$1000.00	\$1000.00

NON-SURGERY RESCHEDULING / CANCELLATION FEES

Generally, full payment is due on the day of service for non-surgical procedures such as those in the Renaissance Medispa and the Laser Institute of Wisconsin™. Some procedures have a non-refundable \$250 fee payable at the time of booking. The booking fee will be applied to the cost of the actual procedure, or used to cover the cost of consumables and room setup, if the patient cancels the appointment without adequate notice. You will be notified if your service requires a booking fee.

If you must cancel or change your non-surgical appointment, please notify us at least **24 hours** prior to your appointment time so that we can try to fill your slot with another patient. Without this advance notice, you will either forfeit your \$250 booking fee, if applicable, or be charged a **\$50 service fee**. This also applies to **no-shows**.

It is your responsibility to call us if you wish to reschedule. Your appointments, such as in veins, may have a sequential and cumulative sequence that must be followed. If one appointment is missed, the rest are timed incorrectly and must be rescheduled. If we cannot contact you, or you do not contact us, then all your remaining appointments will be cancelled.

If you arrive late for your treatment, you may be asked to reschedule, so as not to delay the next scheduled client.

ALLOWABLE FORMS OF PAYMENT

Our office accepts payment by cash, check, money order and credit cards from Visa, Mastercard, Discover and American Express. We also offer patient financing through Care Credit and Alphaeon Credit. Not all patients will qualify for financing, and not all procedures are eligible to be financed.

INSURANCE, CO-PAYS, DEDUCTIBLES

The patient or his/her legal representative is ultimately responsible for all charges incurred. Our office accepts assignment of benefits for many insurance companies. However, we are not preferred providers with all of them. It is your responsibility to **contact your insurance as to whether we are in your plan**, obtain your individual benefits and to be prepared to pay for any out-of-pocket expenses such as co-pays, deductibles and co-insurance before any surgery or office procedure is done. **Co-pays and past due balances are due at time of check-in.**

Your health care policy is a contract between you and your insurance company. If your insurance company does not cover your surgery, you will be liable for the payment. For example, Medicare does not have a pre-authorization process. If it is determined that your surgery was not medically necessary, you will then be billed for the surgery. It is ultimately **your responsibility to pay for all services** provided by Fox Valley Plastic Surgery.

If part or all my treatment is an insurance case, I verify that I have current insurance coverage, and directly assign to Fox Valley Plastic Surgery all medical benefits, if any, otherwise payable to me for services rendered. I understand I am

financially responsible for any out-of-pocket expenses such as, but not limited to co-pays, deductibles and co-insurance.

BILLING

Statements are mailed monthly and expected to be paid in full within 60 days after your insurance has settled your claim. If you have financial difficulties, please contact our Financial Supervisor as soon as you are aware of the situation. The worst thing that you can do is to ignore the bill. Doing so will make you ineligible for any further service. If payment is not received within 90 days, your account may be referred to a collection agency.

DISPUTES

Performed services that are paid with a credit card, debit card or with financing, are not eligible for post-care payment challenges. Fox Valley Plastic Surgery encourages a complete post-op care and follow-up interaction to address any issues that might arise, which are further addressed in the Revision Policy. I agree that this credit, debit card or financing challenge agreement is irrevocable.

I have read the above Financial Policy. I understand and agree to this.
